SUBJECT:-ART INTEGRATION PROJECTS

Dear Teachers

This week we will send Integrated art activities to all classes from 1st to 9th. So subject teachers of English, Hindi, Math & Science plan your project with art & craft teacher and send it in art homework on Saturday. Guide students about it in your online classes that how to complete it. Encourage your class students that use waste material to complete your activities rather than new material. Later it will be displayed in school Exhibition.

Thanks & Regards
