

CIRCULAR NO. DDPS-04/2022-23

DATED:- 20/04/2022

CLASSES:- NURSERY TO 10TH

SUBJECT:-EARTH DAY CELEBRATION

Every April 22, we celebrate Earth Day! We believe that caring for nature, plants and the land is integral to our own health and that responsibility lies with each of us. Earth Day has made positive impacts on the environment globally, but it can also play a significant role on local levels as well. There are various ways to celebrate Earth Day not only on April 22 but every day of the year. Keeping the environment clean, safe and enjoyable for all of its inhabitants is a full-time job that anyone can participate in. Here are a few activities for the children to give Earth Day the type of celebration it deserves.

So on April 22nd, 2022 we all will celebrate earth day in the school. A short speech in Hindi & English about earth day will be given by any two students from class 8th.

Class	Activity	Period
